COMMISSION A LEGACY

What better way to help create a new piece of choral music than to commission a song in your name or to honor or remember an important person in your life. The Heartland Men's Chorus is having a song arranged for their performance in June, 2010 and it can be created with you or that special person named as the commissioner. The music will be published with the name printed at the top of the piece and will be seen by all who purchase or use the music anywhere in the world. What a wonderful way to create a legacy for someone so deserving. Value: PRICELESS!
